

KEEP Ropsten Wallet Setup

Tutorial

Design Researcher: **Sasha Tanase**

Tutorial

- Switching from Mainnet to Ropsten Network
- Adding Ropsten KEEP to your wallet

Tutorial

You are required to do the following actions before you attend the Usability Tests that you have already scheduled. Please make sure you have a MetaMask browser extension installed.

To the ETH address you have chosen to use for the test, we will send you Ropsten KEEP and Ropsten ETH so you can have a easy and enjoyable experience.

You will receive:

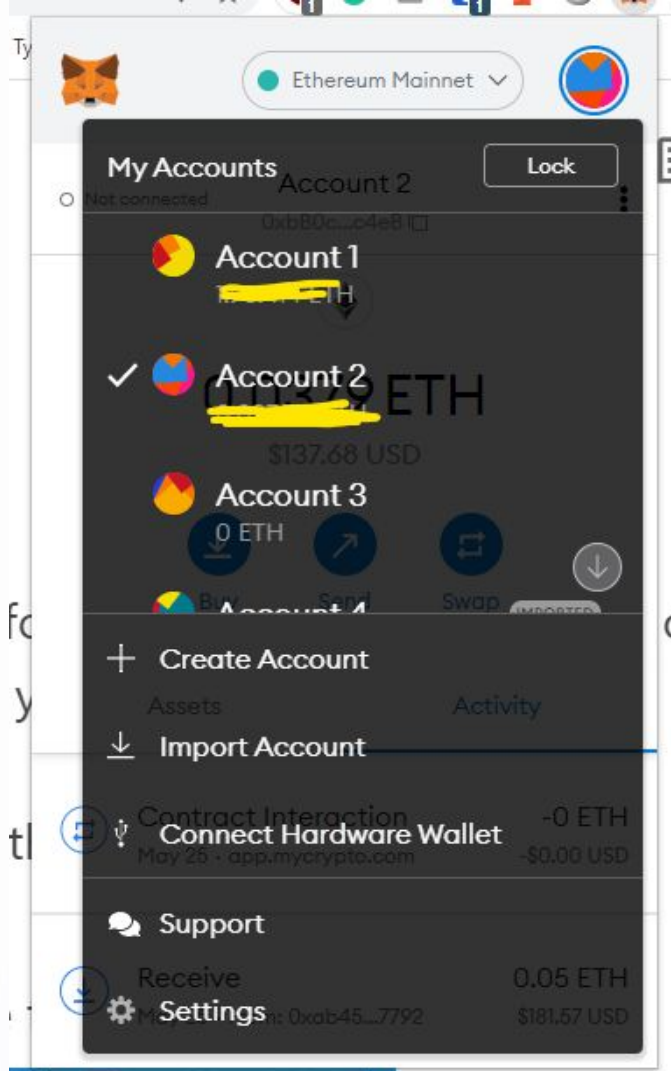

- 22,000 Ropsten KEEP
- 0.2 Ropsten ETH

Switching to Ropsten Test Network

WHAT YOU NEED TO DO

- Choose the account you want to use for our test.

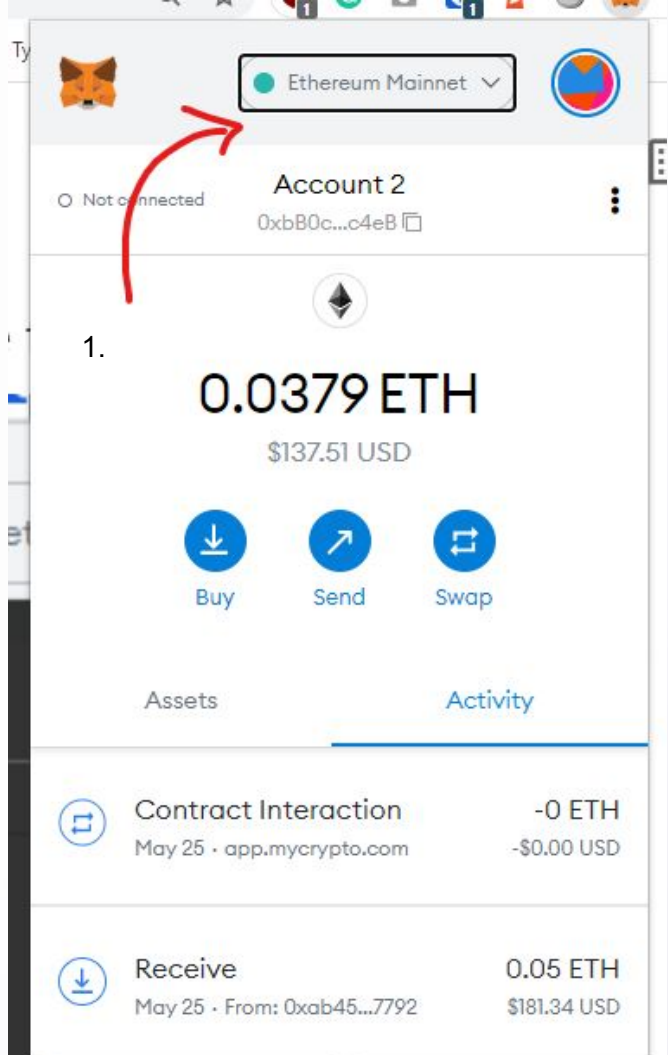

On this address we will send you Ropsten KEEP and Ropsten ETH so you can perform the test frictionless.

Switching to Ropsten Test Network

WHAT YOU NEED TO DO

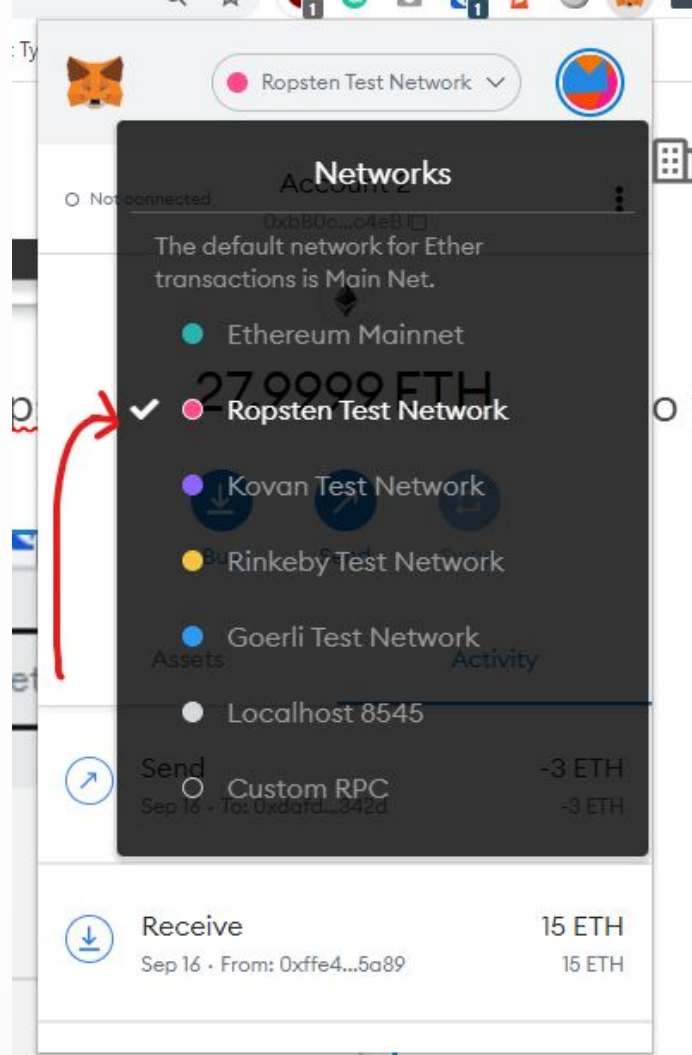

- Please switch the network in your wallet from Ethereum Mainnet to Ropsten Test Network

Switching to Ropsten Test Network

WHAT YOU NEED TO DO

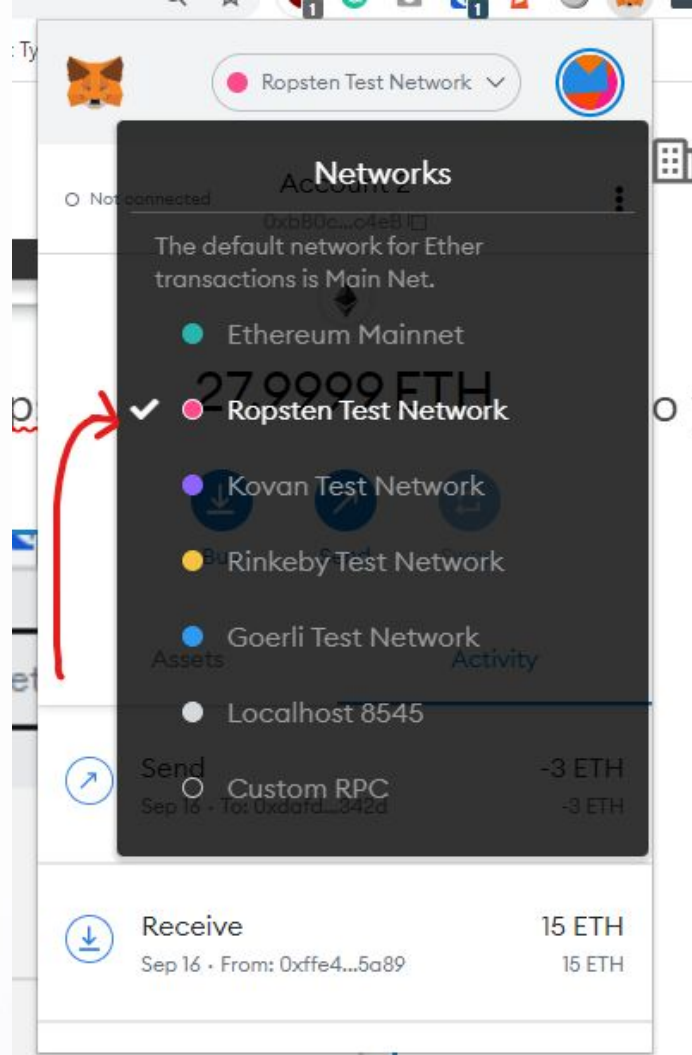

- Please switch the network in your wallet from Ethereum Mainnet to Ropsten Test Network

Switching to Ropsten Test Network

WHAT YOU NEED TO DO

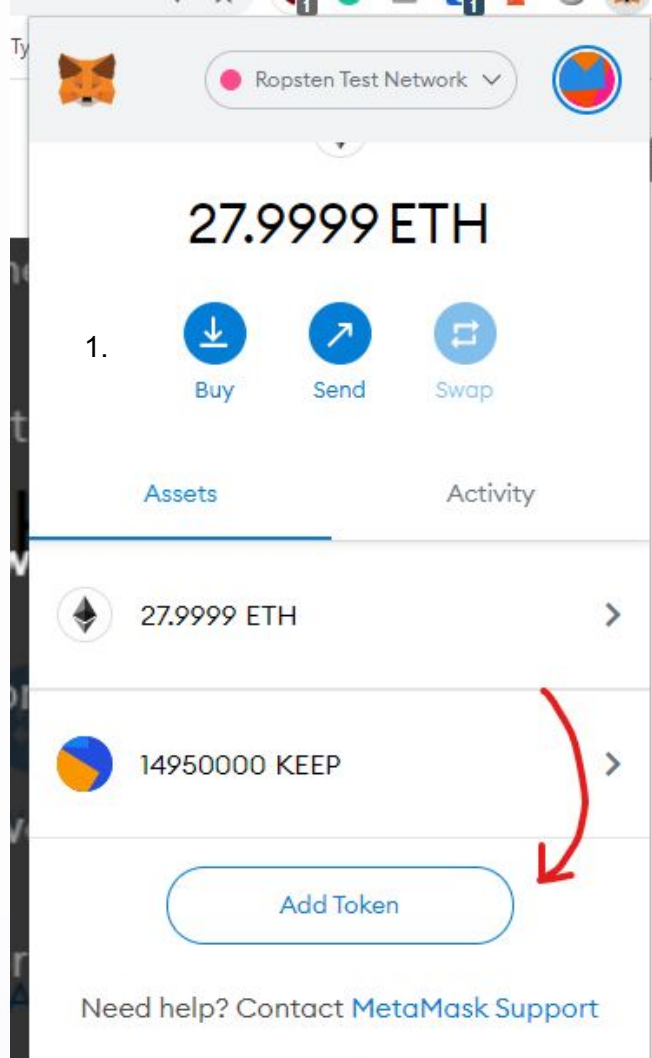

- Now that you are on Ropsten Test Network, you will need to add the KEEP Ropsten token contract address - **0x925759eeFA54fD232cd667f188613221C39225cc** - to your wallet.

WHAT YOU NEED TO DO

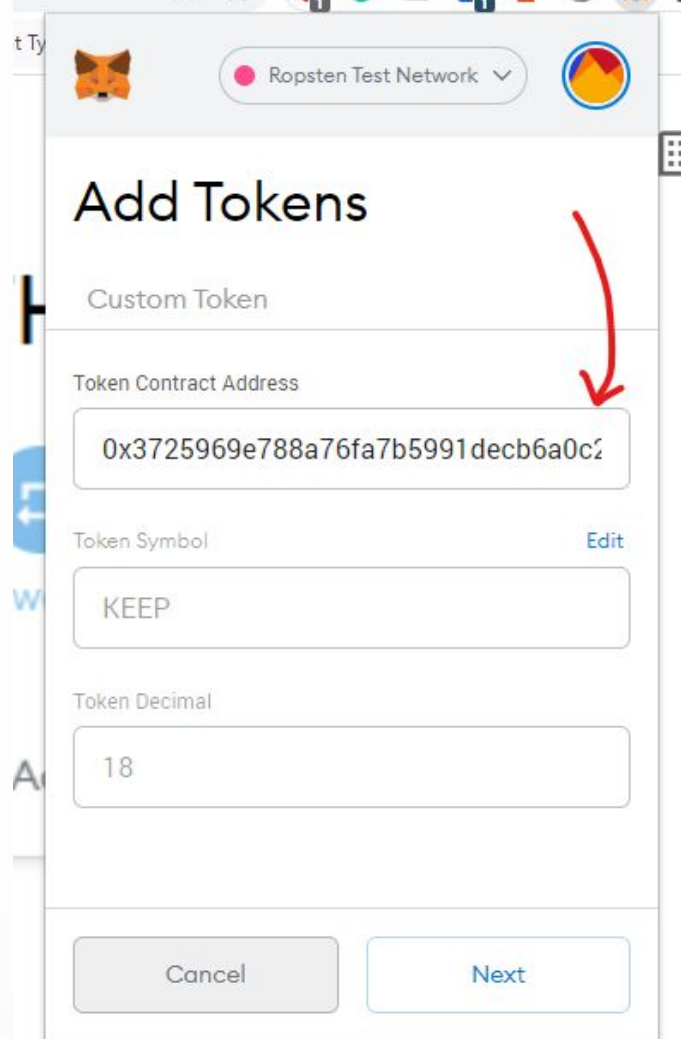

- Now that you are on Ropsten Test Network, you will need to add the KEEP Ropsten token contract address - **0x925759eeFA54fD232cd667f188613221C39225cc** - to your wallet.

Switching to Ropsten Test Network

WHAT YOU NEED TO DO

- You'll need to paste this address –
0x925759eeFA54fD232cd667f188613221C39225cc - in the Token Contract Address field.
- Press **Next** and your new token will be added.

The screenshot shows a mobile application interface for adding tokens. At the top, there's a header with a fox icon, a dropdown menu set to 'Ropsten Test Network', and a circular logo. Below this is a modal titled 'Add Tokens'. The modal has a 'Custom Token' section. Under 'Token Contract Address', there is a text input field containing the address '0x3725969e788a76fa7b5991decb6a0c2'. A red arrow points to this field. Below that is the 'Token Symbol' field with the text 'KEEP' and an 'Edit' link. The 'Token Decimal' field contains the number '18'. At the bottom of the modal are two buttons: 'Cancel' and 'Next'.

WHAT YOU NEED TO DO

- After we sent you Ropsten KEEP and Ropsten ETH you should be able to see both amounts in your wallet, under the “Assets” Section.

**You're all
set, see
you soon!**
